bodyDETOX purifies the five major elimination organs of the body: Liver, Colon, Kidneys, Skin, and Lungs. In addition to its superior cleansing properties, bodyDETOX also provides nutrients to the elimination organs. bodyDETOX is gentle on the body and can be used on a daily basis, giving energy to your cells. It also aids in any weight loss program or as a daily cleanse.*

Contains the Patented AES Assimilation Enhancing System; Patent #7,235,390

- Cleanses the 5 major elimination organs*
- Provides nutrients to those organs*
- Gives energy to the cells*
- Aids in any weight-loss program*
- Gentle enough to be taken on a daily basis*

Recommended Usage: One (1) capsule in the morning and one (1) in the evening.

Storage: Keep tightly closed in a cool dry place in the original container. Do not expose to excessive heat.

Caution: If pregnant or nursing, consult a physician before use. Keep out of reach of children.

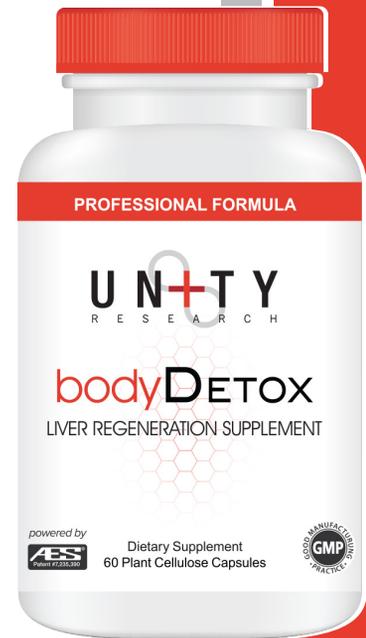

DO NOT USE IF SEAL IS BROKEN

Though AST levels alone could correlate with a wide variety of muscle, heart, skeletal or brain related injuries, we decided to screen a small number of patients (24) who had been diagnosed with liver disease resulting only from toxic, and not viral, liver cell injury. Acceptable ranges are outlined in the Merck Manual as being 5 to 40 U/L. Many of our subjects had values of greater than 500 U/L as you will note in the results below. Random grouping into three groups was performed and each group was subject to a standard CBC to determine baseline numbers. The numbers were as follows.

For purposes of our study we had Group 1 continue their normal medication and treatment along with a placebo twice daily, Group 2 continued their normal medication and treatment as our baseline group, and Group 3 was placed on a capsule of bodyDETOX twice per day with their morning and evening meal. After eight weeks, blood samples were again collected in the same manner as before. The results indicate that Group 1 (placebo group) dropped by an average of 15.75 points or about 6% in eight weeks. Group 2 dropped an average of 16.38 points or a 5% reduction, while those in Group 3 on bodyDETOX along with regular treatment dropped an average of 97.25 points or a 25% decrease in ALT levels over eight weeks.

These results lead us to believe that bodyDETOX has marked beneficial use along with standard medical treatment as nutritional support for acute toxic hepatitis.*

Supplement Facts

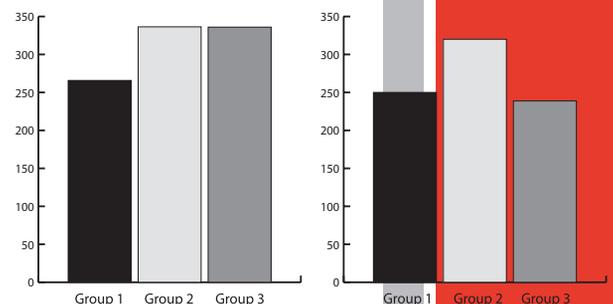

Serving Size: 2 Capsules		Servings Per Container: 30	
		Amount Per Serving	% D V
Proprietary Herbal Blend		770 mg	*
Red clover (tops), Psyllium seed (husks), Milk thistle (seed), Burdock (root), Dandelion (root), Garlic powder, Golden-thread (root), Marshmallow (root), Arabic gum (resin), Osha (root), and Kelp (whole part) powders, Phytoplankton blend.

LivPhD Proprietary Fermented Cordyceps Extract: This clinically proven ingredient showed remarkable detoxification and liver protecting effects in clinical research. A secret weapon! It is also known to have potent antioxidant and anti-inflammatory effects.

Burdock Root (1% Chlorogenic Acid): The root of this plant is considered a diuretic, can also be used for stomach ailments. Neutralizes and eliminates poisons. It is a detoxifier for the blood, kidneys, and liver. Considered one of the best uric acid eliminators, as it relieves congestion in the lymphatic system.

Kelp: Rich source of approximately 30 major nutrients, especially B vitamins, iodine, minerals, and trace elements. Beneficial to the brain tissue, membranes surrounding the brain, thyroid, sensory nerves, spinal cord, nails, and blood vessels. Helps regulate metabolism.

Garlic Powder: Stimulates activity of the digestive organs and relieves problems associated with poor digestion. Can be used as an expectorant to reduce chronic stomach and intestinal catarrh. It regulates the action of the liver and gall bladder. It is helpful for all intestinal infections. It helps to lower blood pressure and reduces atherosclerosis, and prevents blood platelets from sticking to each other.

Dandelion Root Powder (25% Inulin): This plant has two particularly important uses: to promote the formation of bile and to remove excess water from the body in edemous conditions. It acts to remove poisons from the body and can also act as a tonic stimulant. Dandelion is claimed to be effective for liver problems.

Golden Thread (Coptis Root Powder): A root used for indigestion and ulceration or sores in the mouth, throat and stomach. It is also used as a remedy for inflammation of the mucous membranes of the mouth and inflammation around the eyes.

Marshmallow Root: The root of this plant is used primarily for the intestines, kidneys, and the bladder. Combats intestinal disorders, digestive upsets, and fluid retention. Soothes and heals skin and other tissues. Helps to heal inflammatory conditions in bronchitis, coughs and other respiratory conditions.

Milk Thistle Seed Powder (30% Silymarin): Contains some of the most potent liver protecting substances known. Prevents free radical damage in the liver and kidneys. It stimulates new liver cells and is an excellent immune system builder.

Red Clover (20% Isoflavones): Acts as an antibiotic, appetite suppressant, blood purifier and relaxant. Fights kidney and liver disease.

Safflower Petals: These petals are diuretic and diaphoretic. They are good for the skin, stomach, kidneys, pancreas and nerves. Useful aid for the digestion process. Helps to digest oils and helps to eliminate cholesterol and uric acid.

Psyllium Seed Husk Powder: Assists peristalsis in the intestines, good for wall and valve cleansing in the colon, eliminates toxins, and creates bulk and fiber.

Ginger Root: Ginger has many uses, among which are relief of congestion in the sinuses, cleansing effect on the kidneys and bowels, removal of excess toxins from the body, and stimulation of the circulatory system.

Yellow Dock Root: Blood cleanser, purifier, and builder; tones the entire system. Good for all skin problems. Dissolves mucus and moves it through kidneys, and is an excellent cleanser of the lymphatic system.

Arabic Gum Powder: Arabic gum is the hardened sap from the flowering acacia plant. It may be able to lower cholesterol levels.
